

***Xiant Filer™ available for purchase  
Powerful and intuitive email organizer, gives  
needed help to Microsoft Office Outlook®***

**Seattle, Wash.,** — Xiant Filer is now available to the public as a great new way to help computer users stay on top of the increasingly time-consuming task of organizing e-mail in-boxes.

Xiant is a dba of Vulcan Technologies, LLC, of Seattle. Xiant Filer is available for purchase at [Xiant.com](http://Xiant.com) for \$19.95.

Filer was created by technology innovator/Microsoft co-founder Paul G. Allen and engineers at Vulcan Technologies, whose challenge was to ease management of overflowing Microsoft Office Outlook inboxes.

You can read more about Xiant [here](#).

Xiant Filer instantly makes anyone a more efficient user of e-mail. It integrates seamlessly into Outlook and starts making filing recommendations immediately after installation. There is no need to train Xiant Filer, create complicated rules or to change the way you work. Xiant Filer learns your filing preferences, so its recommendations become more accurate the more you use it. It also allows you to simultaneously file batches of related messages without wasting time by first sorting and then making multiple selections.

Xiant is dedicated to producing tools that make time at the computer as productive as possible. According to Chris Purcell, vice president of Vulcan Technologies, LLC, there are more software tools under development at Xiant. You can sign up for e-mails [here](#) to learn about what's coming next at Xiant.
